

Superintendent's Corner
December 2006

Congratulations to music teacher Linda Covington and the students of Anderson School for their wonderful concert on Monday, November 20th. They sang to a standing-room-only audience and performed marvelously.

The District's Construction Steering Committee is preparing its proposal for the Board of Trustees. This proposal will be presented to the Board at the meeting on December 12th, 6:30 p.m., Moreland School District Board Room.

The Community/Board Advisory Committee (CBAC) has met three times since its inception. The average attendance is 42 members/participants. I am excited that this effort by the Moreland School District is being welcomed and supported so heartily by the community. I believe the work of this committee to help build strong communication between the district and all members of the community is progressing very positively and encourage anyone interested to attend future meetings. Our next meeting is on Thursday, January 18, 2007, in the Board Room of the District Office.

This time of year is special for many of us. We are fortunate to have many things to be thankful for. This is also the time of year for us to think about those less fortunate. Moreland School District is beginning a food drive for Second Harvest Food Bank. These contributions will serve the Moreland Community, as well as the greater San Jose area. I hope all of you help with this worthy cause for those who are less fortunate than we are.

The Board changed its meeting schedule at the Board meeting on September 19th. The new schedule is on the new District website. Regularly scheduled Board meeting agendas are posted 72 hours in advance at <http://www.moreland.k12.ca.us/board/agenda.html>.

Find a way to help your school serve students better.
